

## Visitors

*Prospective* students and their parents are welcome to visit PSSC at any time. It is suggested that the visit be pre-arranged with the main office or counselor. PSSC hosts tour groups from area middle schools and high schools every year. As is the case in any public school, visitors must first check in at the office and wear a visitor's badge while they are on campus.

PSSC students may not bring guests to class for social reasons. However, individual prospective students can be granted permission to spend a class session at PSSC, **if coordinated and pre-arranged** with the PSSC instructor and the sending school and an administrator's permission.
